HOW GOOD PROMPTS WORK

The C.R.A.F.T. formula

You just used a complete prompt. Here is why it worked. Good prompts brief the AI like a new team member, in five parts.

C	**Context** What is my business and situation?	*"I run a 3-person bakery in a busy neighborhood."*
R	**Role** Who should the AI act as?	*"Act as an experienced local marketing consultant."*
A	**Ask** What exactly do I want?	*"Write 5 ideas for a weekend promotion."*
F	**Format** How should the answer look?	*"A numbered list, max 2 sentences each."*
T	**Tone** How should it sound?	*"Warm, simple, no jargon."*

3 safety rules. 1) Anonymize first: remove customer names, emails, phone numbers and other personal data before you paste (good GDPR-sensible practice). 2) Give the AI only facts you have confirmed, and tell it to ask if something is missing. 3) A human reads and checks every answer before it goes to a customer.

PROMPTS 1–5

Copy, fill in, paste

1. Post ideas
Give me 15 social media post ideas for **[BUSINESS]** that would interest **[TARGET CUSTOMER]**. Mix tips, behind-the-scenes, customer stories and offers. Only suggest offers from this list: **[CONFIRMED OFFERS, or 'none']**.

2. Caption writer
Write 3 Instagram captions for a photo of **[DESCRIBE PHOTO]**. Tone: **[TONE]**. Describe only what is in the photo. Include one question to get comments and up to 5 relevant hashtags.

3. Sales email
Write a short email introducing **[PRODUCT/SERVICE]** to **[TYPE OF CLIENT]**. Focus on their problem: **[PROBLEM]**. Confirmed facts about our offer: **[FACTS]**. Under 120 words, end with a simple question. Use only the facts I give. If an essential fact is missing, ask me before drafting.

4. Follow-up
Write a polite follow-up to a customer who received my quote for **[SERVICE]** **[X DAYS]** ago and has not replied. Quote details to mention: **[QUOTE REF, PRICE, VALIDITY]**. Next step I want: **[ONE ACTION]**. Make it easy to say yes or no. Do not add discounts or new terms. Use only the facts I give. If an essential fact is missing, ask me before drafting.

5. Reply draft
Draft a **[TONE]** reply in **[LANGUAGE]** to this customer message, under 80 words: **[PASTE MESSAGE, names removed]**. Our confirmed policy: **[POLICY]**. Other confirmed facts: **[FACTS]**. Do not invent stock, refunds, delivery arrangements or exceptions. Use only the facts I give. If an essential fact is missing, ask me before drafting.

PROMPTS 6–10

6. Angry customer
This customer is upset: **[PASTE MESSAGE, names removed]**. The confirmed cause of the problem is: **[WHAT ACTUALLY HAPPENED, as you have verified it]**. The solution we can offer is: **[SOLUTION]**. Write a calm reply that acknowledges their feelings, explains the cause using only these facts, and offers the solution. If the cause is not yet known, do not guess: say we are looking into it and will update them by **[DATE/TIME]**.

7. Process checklist
Turn this description of how we **[TASK]** into a step-by-step checklist a new staff member could follow: **[DESCRIBE ACTUAL STEPS]**. Who is responsible: **[ROLES]**. Exceptions and checks: **[EXCEPTIONS]**. Do not add steps we did not mention; list unclear points as questions for me.

8. Meeting summary
Summarize these meeting notes into decisions, action items (who / what / by when) and open questions: **[PASTE NOTES]**. Only list decisions and deadlines that are in the notes; mark missing owners or dates as **[NOT AGREED]**.

9. SWOT
Do a simple SWOT analysis for **[BUSINESS]** based only on these facts: **[FACTS]**. Then suggest the 3 most important actions. Label anything that is not from my facts as an assumption.

10. Competitor check
Here is what I know about my competitors: **[DESCRIBE]**. How can I stand out? Give 5 practical ideas. Don't state facts about competitors that I haven't given.
